

Collector's Guide to Membership Badges of Turf & Race Clubs of India

Praful Thakkar I.A.S. (Retd.)

The Book

Collector's Guide to Membership Badges of Turf & Race Clubs of India is a reference work of membership badges issued by the race/turf club authorities to their members. In India there are five main race/turf clubs viz. *Bombay, Calcutta, Madras, Bangalore and Hyderabad*. They have issued such badges, which were colourful and were artistically made with exquisite workmanship.

Along with the members their spouse were also given the badge. To differentiate, such badges were of smaller or sometimes of different design. Moreover during some period, the badges were issued with the validity of longer duration. The book illustrates all such badges.

In first few pages, a historical background of racing in India is given. Along with that, brief history of : (1) Royal Western India Turf Club, Bombay (2) Royal Calcutta Turf Club (3) Madras Race Club, Madras (4) Bangalore Turf Club, Bangalore and (5) Hyderabad Race Club, Hyderabad is also given.

Collection of Membership Badges of Turf/Race clubs of India is a wonderful thematic subject for a collector. As the badges are full of variety and are also colourfully enameled, it has all the charisma to attract and give pleasure to the collector. Another significant and important factor is that the badges bear the year or years of their validity on them. This gives us the idea of its period too.

The *Guide* has catalogued about 260 badges along with their coloured photos. The *Guide* is an attempt to give a dimension to the hobby of collecting such membership badges.

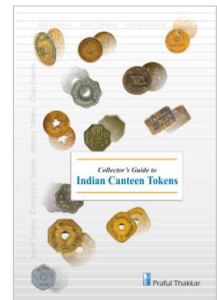

The Author

Praful K. Thakkar, an Indian Administrative Service Officer, was with the Government of Gujarat, India for more than thirty years. He has worked in various capacities as Collector, Commissioner and Secretary to the Government of Gujarat in various departments. He has graduated with philosophy as his main subject and is a lover of Indian culture. He has written a few books in Gujarati on various facets of Indian culture.

He has been an ardent numismatic collector for more than 40 years and is a seasoned collector of Indian coins, medals, tokens and other collectibles like badges, weights and autographs of Indian Celebrities. Recently his book '*Collector's Guide to Indian Canteen Tokens*' is published and has received a very warm response from all over the world.

To preserve classic heritage of Indian Culture for the posterity, he has established the Thakkar Numismatic and Art Foundation and has launched a remarkable website of the Foundation as www.thakkarfoundation.org. The foundation has the motto of '*Share the Knowledge-Spread the Knowledge.*'

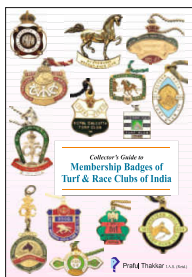

And in consonance with this motto and with a view to give a proper dimension to the hobby of collecting Membership Badges of Turf / Race Clubs of India, this book '*Collector's Guide to Membership Badges of Turf & Race Clubs of India*' is brought forward by him. He himself has a very good thematic collection of these badges. For him this thematic badge collection is the hobby for happiness and health. By this book he tries to share his knowledge, experience and happiness with all the collectors.

It is with great pleasure, that I write this foreword to my good friend Praful Thakkar's reference work on membership badges of the race clubs of India. I have been collecting these badges for many years yet have been able to accumulate only a small fraction of the number he has illustrated in his catalogue. In addition he has met with various authorities and done a great deal of research to put together a comprehensive history of the race clubs of India.

Congratulations to Praful Thakkar. I hope this Collector's Guide will fulfill the needs of collectors for many years to come.

Port Coquitlam,

Robert P. Puddeste
Author of 'Medals of British India'

Message

With great pleasure and pride I congratulate Praful Thakkar on writing and publishing a comprehensive book on Membership Badges of Turf and Race Clubs of India.

Since last more than 50 years we are in this line of manufacturing colourfully enameled badges for Turf and Race Clubs of India and other countries. We have produced many badges with artistic and exquisite workmanship and design. But when I saw the collection of these membership badges of Praful Thakkar it has given me a pleasant surprise. I was extremely delighted when I came to know that these colourful badges can become a subject of collection and they can form the base of an attractive hobby.

This book is a reference guide and can be a very good catalogue for the collectors of these badges.

My best wishes to Praful Thakkar in his great endeavor of giving a new dimension to this hobby of collecting membership badges of Turf and Race Clubs of India.

Bombay

Dinesh Kothari
Chairman & Managing Director
Dinesh Group

During my passion and pursuit of collecting Indian coins, medals, tokens etc. I came across some beautifully enameled membership badges of Royal India Turf Club of Bombay. They were colourful and were artistically made with exquisite workmanship. The most interesting part was that they all were different in design and colour for each year. As there were years written on them, I started collecting these badges year wise. And within a short time it made a very beautiful thematic collection of membership badges of Royal Western India Turf Club, Bombay.

As the subject was very interesting and badges were fascinating, I decided to go deep into the subject.

I met the authorities of Royal Western India Turf Club, Bombay and requested them to help me in my study of the membership badges. They were kind enough to help me with all the information. The following pages contain the extracts of the basic information gathered from the souvenir of the 24th Asian Racing Conference, 1995. I am highly obliged to the authorities of Royal Western India Turf Club for allowing me to use the material, information and photos from their souvenir, for preparing this book.

From them, I also got the information that these badges are made by Dinesh & Co. of Bombay since many years. I met Mr. Dinesh Kothari the Chairman and Managing Director of Dinesh & Co. who happened to be an old student of my father. He was very happy to see me. He helped me and gave me a few badges and some very important basic information. It was a pleasant surprise for him to know that the variety of badges manufactured by him can become a subject matter for collecting. He was very happy to see some of his old badges in my collection.

He informed me that he has manufactured badges of other Turf & Race clubs of India.

Hence, I focused my attention on collecting membership badges of other clubs too. This resulted in a collection of more than 260 membership badges of various Turf/Race Clubs of India.

Over and above the badges of Royal Western India Turf Club, Bombay, I managed to collect some membership badges of Royal Calcutta Turf Club and also Bangalore, Delhi, Hyderabad, Madras and Mysore Race Clubs. I also acquired some badges of Turf Authorities of India.

All the membership badges which I could gather have been presented here. However, the collection is not complete and there could be many more missing. I feel a new dimension can be given to our hobby, by collecting such attractive Club badges. Moreover, whatever information on the subject I could collect from various sources have been put here for the benefit of the collector. It is quite possible that the details given here may not be complete or may require some correction. I will be obliged if my attention is drawn in this respect. Help in this regard, from friends and fellow collectors would be highly appreciated.

I am extremely obliged to my good friend Robert P. Puddeste, the author of the Catalogue of British India Medals for writing an encouraging Foreword for this Guide. To me, he is the source of inspiration and guiding force to make this reference Guide.

I owe a deep gratitude to Mr. John Slusar to put my website www.thakkarfoundation.org (which showcases membership badges of Indian Race/Turf Clubs) as a link on his unique website of badges of Race/Turf Clubs of the world www.greyhoundderby.com

I also thank Mr. Robin Charnock, United Kingdom for sending me some scanned images of the badges to incorporate in the book.

I am also thankful to Mr. Dinesh Kothari, Chairman and Managing Director of Dinesh Group. The company has been manufacturing these badges since decades and they have indepth knowledge about these exquisite and artistic badges which require great skill and workmanship to manufacture. I visited their factory where these badges are made and Mr. Dinesh Kothari was kind enough to show me the process of making these badges. He has extended all his support and has given me some badges too. I am highly grateful to him for all his help, encouragement and a well wishing message

I am highly grateful to the renowned industrialist and numismatist Mr. J. P. Goenka, Kolkata who has always encouraged me and has helped me in acquiring and has given me many badges of the Bombay and Calcutta Turf Clubs.

I sincerely thank Mr. Nanjapa, an Estate Officer of Royal Western India Turf Club, Bombay/Pune. He was nice enough to give me many of his personal badges to incorporate them into this book. And this of course could materialize only because of active interest and involvement of Sanjay Kanakia, Pune. I take a sincere note of thanks for all his efforts.

I owe a great debt of gratitude to Mr. Engineer, the Secretary, Mr. Mani, the Asst. Secretary and Mr. Franklin and other officials of Royal Western India Turf Club, Bombay for helping and providing me with all the information that was required for preparing this reference work.

I am highly grateful to Dr. Dilip Rajgor who has helped me in acquiring many of the badges. I am thankful to him for guiding me with his experience and expertise to present this book.

I also would like to take a sincere note of the help that my son Kunal gave me in preparing the book during my stay in USA.

I express my thanks to Farokh Todywalla of Mumbai who is not only a well wisher but also a friend. He has always encouraged me for this work. I am also thankful to Malcolm Todywalla who read the entire draft of the book and made many helpful suggestions.

A number of friends and colleagues have contributed and helped me in this endeavor. Although it is not possible to acknowledge their contribution individually, I wish to record my thanks to : Nalin Bhuta, Mumbai, Abhay Shah, Ahmedabad and Wajid Khan, Pune.

My friends Shailesh Parikh and Dipen Oza have kept no stone unturned to see that this Guide turns out to be the best in all respects. My sincere thanks are due to all of them.

Ahmedabad

Praful Thakkar

1. About 260 different types of membership badges of various Turf & Race Clubs of India have been catalogued.

For easy reference, each membership badge has been assigned the 'Initial Code' of each club as under :

Bangalore Race/Turf Club	BL
Royal Western India Turf Club, Bombay	BM
Royal Calcutta Turf Club	CL
Delhi Race Club	DL
Hyderabad Race Club	HY
Madras Race Club	MD
Mysore Race Club	MY
Turf Authorities of India	TA
Miscellaneous Badges	MC

2. To identify the badge a simple coding method is used. Each membership badge has a year written on it e.g. 1947-1948. This means that this badge is valid for one year starting from 1947. Here the last two digits of the starting year are taken into consideration for identifying the badges. Thus BM-47 will indicate that the badge is of Royal Western India Turf Club for the year commencing from 1947.

However if the badge is meant for an official of the club, OL is written after the club's initial code. Thus BL-OL will indicate that the badge was for an official of the Bangalore Race Club.

There are badges in the Madras Race Club, found with the writing 'Department of Racing.'

Such badges are shown with initials DR after the club's initial code. Thus MD-DR will indicate that this is the badge of the office-bearer of Department of Racing of Madras Race Club.

In Royal Western India Turf Club, Pune Center, some badges were issued to Local Members. I am given to understand that some of the Local members were Army officers based in Pune, hence on the badges 'Army-Local Member' is written. Such badges are shown as BM-LM in the section of Royal Western India Turf Club.

In badges of Turf Authorities of India it seems there are two types. One is for Invitation Cup and other one is for the officials. And here there are big and small or gold-gilt and silver-gilt badges, which are probably meant for Gents and Spouse. These types of Invitation Cup badges are shown as IC and official badges are shown as OL. For bigger badges or gold-gilt badges (Maybe for Gents?), are denoted by the numerical 1 and for smaller badge

or silver-gilt badges (Maybe for Spouse?), are denoted by the numerical 2, which is shown along with the last two digits of the year of the Invitation Cup. Thus TA-IC-84-1 will indicate that this is the bigger or gold-gilt badge (Gents?) of Turf Authorities of India for Invitation Cup held in 1984. However I could not gather much information on these varieties. The above explanation is based on some information and a few varieties of badges that were available. I would be happy and feel obliged if I am able to get further information on this issue.

In the process of collecting badges of Turf/Race Clubs, I came across two badges, one badge of the Rangoon Turf Club and one of the Meerut Race Club. I also acquired one leather badge of the Madras Race Club for 'Box'. One badge of the Centenary year of the Mysore Club and one badge of a Permanent Invitee of Turf Authorities of India. As it was difficult to put them in a particular slot, they are catalogued in the miscellaneous category.

3. In most of the clubs there are two main categories- Member to be known as Gentleman and Spouse Member to be known as Lady. In some Clubs, it seems, badges to enter the Stands had been issued. This came to my notice, when on a few badges there was Stand Member written either in front or the reverse of the badges. It has also been noticed, in case of Royal Western India Turf Club that there are Club Members too. This was realised when four different types of membership badges for the same year came to my notice. Though nothing was written on the obverse and reverse of the badges, in recent few cases it was possible to categorize them from the small package boxes containing these badges. On respective package boxes all these four types of the categories had been mentioned.

Thus in most of the Turf/Race Clubs, some or all types of the following categories of members are enrolled or enlisted and are given membership badges every year or for a certain period for their identification. They were to be shown or worn when the members were entering and moving in the club.

This leads us to broadly classify these badges into four categories as under :

<i>Life Member or Gentleman</i>	1
<i>Spouse Member or Lady</i>	2
<i>Stand Member</i>	3
<i>Club Member</i>	4

Thus BM-59-2 will indicate that this is the Spouse Member badge of Royal Western India Turf Club, Bombay for the year commencing from 1959.

Just to keep harmony in presenting these badges, this coding of 1 to 4 categories is also used in identifying the badges of other clubs. I may clarify that in all other Clubs there are no four varieties of members.

However in Madras Race Club, Lady Stand Member and Lady Club Member badges are found. They are numbered in category 2 of Lady and numbers given are 2 and 2a.

4. Wherever in chronological serial, the two digits of any issue year are missing, it may be understood that the badges of these years might be there. However as they were not available they are not presented here. For example, after BM-53, BM-55 number is shown. This means that there might be membership badges of 1954-55 that is BM-54 for Royal Western India Turf Club, Bombay. However as I could not get those badges, they are not presented here.

Similarly, if in some case only one category of a badge of a particular year was available, then only a single category is catalogued. But it is quite possible that there might be other categories for that year in existence. However as they were not seen or available they have not been catalogued. For example, CL-79-2 is shown as it was available. This badge is for a Lady Member of Royal Calcutta Turf Club for the year 1979-1980. Similar type of badge for that year for Gentleman would be in existence as well. However as they were not seen or available they have not been catalogued.

5. Another noteworthy point is that mostly the badges were issued every year. And hence various varieties are available. But in Royal Western India Turf Club, Bombay sometimes new badges were issued after two years or three years or even five years. Sometimes the period of validity of the badges was extended by the management and hence the badges were valid for upto eight years. These type of gaps will be seen in the numbering systems.

Readers must note that RWITC Bombay had issued badges with two years validity in 1965-1967, 1967-1969, 1969-1971, 1971-1973 and 1973-1975. In the next stage they were issued with a validity of three years from 1975-1978 and 1978-1981. Further they were issued with a validity of five years in 1981-1986 which was extended for three years till 1989. And in 1989 they were again issued with a validity of five years from 1989-1994 which was again been extended for six years till 2000.

The badges issued in 2000 have been validated till further date. Hence there is no ending year written on the badge along with the starting year of 2000.

6. As far as possible all badges are illustrated with enlarged photographs. This is done with a view to bring out the minute details shown on badges. However readers and collectors are advised to check the actual size of the badges in order to place them in proper perspective.
7. In some cases only photos of the badges were made available by some friends. Their details are not provided. Hence for the information of the readers, only the photographs of these badges are presented at appropriate places.

Racing in India : A historical background

India is a country with rich culture and heritage. It absorbed and adopted the traditions, sports and many other facets of the Mughals and the British who ruled this country for many years.

Racing in India is the legacy of the British Raj

The British ruled India for more than 200 years. It must be remembered that the British presence in India depended for a very long time on its military strength. The armies in the 18th and 19th centuries were cavalry oriented. This fact brought their overwhelming involvement with horses that ultimately resulted into the sports like Foxhunting, Polo, Point-to-Point Racing and Flat Racing.

During the British era, every military cantonment had a race course. It is reported that race meetings were organized even in 18th century. Some prominent patrons of the British Turf were army officers. And when they were posted in India, they devoted their leisure time in establishing and developing racing in India.

Madras Race Club celebrated its bi-centenary in 1978, which implies that it was established in about 1778. However, Calcutta was the leading Turf Center as it was the center of power in early British Raj. It is reported that the institution of The Viceroy's Cup at the Hastings' Race Course in Calcutta in 1856 gave further impetus to racing and became an event of tremendous prestige. Lord William Beresford, who served on the Viceroy's staff, won it with his black gelding Camballo in 1881.

Around the turn of the century, the British Raj was getting 'Indianised'. Hence Indians were being placed in industrial, administrative and social sectors of the country. And it was at this time that local elite began to take an active part and interest in racing.

It is reported that the Maharajas were amongst the first to be bitten by the racing-bug. Early princely patrons of the Turf were Maharajas of Cooch-Behar, Burdwan, Baroda, Idar, Morvi, Kolhapur, Rajpipla and Mysore. Many of them, as also industrialists like textile tycoon Mathradas Goculdas, extended their interest to the ownership of horses in England.

It is reported that the Maharajas were amongst the first to be bitten by the racing-bug. Early princely patrons of the Turf were Maharajas of Cooch-Behar, Burdwan, Baroda, Idar, Morvi, Kolhapur, Rajpipla and Mysore. Many of them, as also industrialists like textile tycoon Mathradas Goculdas, extended their interests to the ownership of horses in England.

By the late forties, the involvement of British in India was on the wane and though the cantonment race courses remained, meetings were no longer conducted on many of them and racing came to be concentrated in the metropolitan cities of India.

In the early fifties, the following were independent racing authorities in India.

1. The Royal Western India Turf Club-responsible for racing at Bombay, Pune and Delhi.
2. The Royal Calcutta Turf Club-conducted racing at Calcutta.
3. The South India Turf Club-oversaw racing at Madras, Ootacamund, Mysore, Bangalore and Hyderabad.

Subsequently, the South India Turf Club split into

- A. The Madras Race Club—conducting racing at Madras and Ootacamund.
- B. The Bangalore Turf Club—regulating the meetings at Bangalore and Mysore.
- C. The Hyderabad Race Club—conducting racing in Hyderabad.

A brief history of Turf and Race Clubs

1. Royal Western India Turf Club, Bombay

It is reported that the earliest reference to horse racing in Bombay is found in the BOMBAY COURIER of November 25, 1797. It is mentioned there that “A plan having been set on foot for establishing races in this Presidency, which has hitherto met with very general encouragement, this is to give notice that in the course of the next month a race will be run for a

purse of 50 pounds. After the race, there will be breakfast for the ladies and gentlemen at the race stand and a ball and supper in the evening”.

However, in 1880 the Bombay Turf Club was established.

Sir Charles Forbes, G. Hall, A. Campbell and P. Hadow were the founders amongst others. They acquired the rights of racing over land in Byculla through the good offices of Mr. Dorabji Rustomji Patel of Bombay. The pioneer contribution of these four gentlemen is commemorated annually by naming races after them.

The scene of racing was shifted from Byculla to Mahalaxmi in 1883. The transfer was an improvement. However, a giant step forward was taken by the late Sir Cusrow N. Wadia. He had the vision, money and desire to make an excellent race course. He found the time and energy to visit Australia to study the Melbourne Race Course which at that point of time was considered the best. He brought blue-prints and know-how and tried to make the Mahalaxmi race course the best in the world.

This race course is a real showpiece, which is evident from the fact that dignitaries like Queen Elizabeth II of England, the King of Saudi Arabia and the Shah of Iran have visited this Turf Club and presented the trophies. The Queen of England is a horse lover with wide interests in English racing and breeding and her accolade that was spontaneously and graciously offered is something to be cherished and maintained in the archives of the club.

2. Royal Calcutta Turf Club, Calcutta

As history records, the first racing in Calcutta took place at Akra Farm on the bank of the Hooghly River a little south of Garden Reach. Here, a course had been marked out, probably very rough and very narrow, because it seemed that not more than four horses could race at a time.

The date of the first meeting held there is recorded as 1794.

In 1798 and for a few years later, it is known that no racing took place as the Authorities, acting under the distinct instructions of the puritanical Lord Wellesley, the Governor General, were suppressing gambling.

That they were not very successful seems established by the very important event which took place in 1803, namely, the formation of the Bengal Jockey Club, established “in order to put on a sound basis the irregular subscription races that had taken place hitherto.” However, far too

little is known about the formation and early activities of the Bengal Jockey Club and unfortunately some of the dates are suspect.

It seems certain, however, that the Course was moved from Akra to the Maidan in 1809.

It also seems probable that certain alterations and improvements to the Course were made in 1812 and again in 1818.

It is known with certainty that a substantial and quite elaborate stand was built in 1820.

A subscription list was opened towards the cost of building the Stand and the Bengal Jockey Club itself put up Rs. 3000/- of the money. This was quite a usual way of financing the building of race stands in those days, both in India and England.

The subscriber would become a part proprietor and would have certain privileges including very often Silver Medallion Badge with his name and a number on it, which presumably gave him and his family free admission and also the run of the Stand when it was used for other functions.

Mention has been made of Barrackpore in connection with the 1817/18 meeting. As the name implies, Barrackpore was the cantonment for Calcutta and troops had been stationed there since 1772 and in 1785 it became the country residence of the Governor General. Racing was first held there in 1806 and in those days it seems to have been rather more popular than Calcutta.

In February 1847 the reformers were ready to come forward with concrete proposals for the formation of the Calcutta Turf Club. At a meeting of the “gentlemen interested in the turf” held at the Race Stand on February 22nd 1847, Mr. J.P. McKillingaan was in the chair and Mr. W. F. Fergusson read a paper proposing among other things the formation of a permanent association to regulate all matters concerned with Racing and to protect the interests of the Turf. There were 236 signatories to this paper. It was proposed by Mr. Staniforth and seconded by Mr. Grey and carried unanimously that the Calcutta Turf Club be constituted in accordance with the above paper.

Thus Calcutta Turf Club was found in 1847.

However it is worth noting that the Club’s meeting of 1875 was attended by Prince of Wales (afterwards King Edward VII) in course of his visit to India and it was an unqualified success. It is said that an assembly such as that had never been seen in the history of racing in India gathered for the occasion.

The wind of change, which was blowing across India, was felt in the world of horse racing and in 1908 the Maharajadhiraja Sir Bejoy Chand Mehtab of Burdwan was the first Indian to be elected to the full membership of the club. In due course, his son Sir Uday Chand Mehtab was also extended full membership, amongst other important personalities such as Sir Biren Mukherjee and Mr. Sachin Chowdhury (later Finance Minister Govt. of India) were also elected full members.

In the racing history of India, Calcutta will always be remembered as the one exercising racing control and rules of racing over 73 racing centers in the sub-continent extending between Peshawar and Mandalay.

3. Madras Race Club, Madras

Racing existed in Madras for more than 200 years. According to the records available, there were races conducted at the Race Course, Madras as early as 1777.

To quote an extract from G.O. No. 2054 of the Government of Madras dated 17th November 1922, "Mr. James Hepburn, Collector of Chingalpet, quoted in Collector Mr. B. Cunliffe's letter, dated 27th June, 1825, the race course was formed in April 1777 by appropriating certain lands in Zamin Adyar and Zamin Velacheri Villages."

Records show that a Club was in existence as early as 1837, to look after interests of horse racing at Madras.

However, the Madras Race Club was formed in the year of 1896.

At present races are conducted under the Rules of Racing of the Department of Racing, Government of Tamilnadu through the Committee of Management constituted by the Hon'ble Supreme Court of India.

Madras Race Club has seen many ups and downs. Racing was stopped during World War I between 1914-1919. It was revived by Lord Willingdon, the Governor of Madras in 1919. The new and upto-date Bobbili Stand in Members Enclosure and the Venkatgiri Stand in the First Enclosure were constructed in 1920 by the generous funds provided by the Maharaja of Bobbili and the Maharaja of Venkatgiri.

The following are some other important events and occasions in the history of racing at Madras.

- H. R. H. The Prince of Wales (the late Duke of Windsor) attended the races on January 13th, 1922.
- In 1932 the Earl and Countess of Derby attended 3 days' racing. Lord Derby presented a cup for class IV horses.
- In 1933 Ex-King Don Alfonso of Spain came to a meeting.
- In 1965 the Indian Turf Invitation Cup was held at Madras for the first time.
- In 1966 the Madras Race Club became an independent Turf Authority.
- In 1976 the President of India attended the Madras races.

4. Bangalore Turf Club, Bangalore

Despite Bangalore being a premier racing center, it is ironical that it is difficult to trace the origins as it is shrouded in the cobwebs of obscurity. However, it is reported that there is material to suggest that racing was held in Bangalore at the Agram Plains, on the outskirts of the city, in the middle of 1850's.

Racing moved from the Agram Plains to a site near the Lalbagh Botanical Gardens, prompted by the fact that the military then had a big say in how racing affairs were conducted. However as this site proved unsuitable, an exchange was effected to the present site in the High Grounds. This was acquired by the Government of His Highness, the Maharaja of Mysore and later granted on a perpetual lease from 1915 to the Club. The Royal Family of Mysore, the Wadiyars played a vital role in the growth of racing in their domain. Their support and encouragement for the sport, both at Bangalore and Mysore, deserve to be acknowledged in glowing terms.

A Race Club Committee and Stewards of the Bangalore Races initially conducted racing. However a decision to form a Race Club was taken in 1920.

Racing was suspended for a brief spell during World War II. The race course was taken over by the military authorities.

However, in 1951 the Stewards of the Bangalore Race Club, the Madras Race Club and the Secunderabad Race Club met and pressed their demand for the formation of a South India Turf Club to control racing in the Southern States.

As a result the South India Turf Club was formed in 1953 and the Club controlled racing in Bangalore, Mysore, Madras, Ootacamund and Secunderabad.

The Madras Race Club became an independent turf authority in 1966.

The Bangalore Race Club too became a turf authority soon after and its name was changed to Bangalore Turf Club Ltd. on November 20, 1967.

The Club celebrated its Diamond Jubilee in 1980 and Platinum Jubilee in 1995.

5. Hyderabad Race Club, Hyderabad

The Hyderabad Race Club is an infant amongst Indian Turf Authorities. Still however, it has a tradition for racing over a hundred years. Records and history tell us that Racing and wagering existed in this fabled land of Nizams as far back as 1868.

In those days the racing was conducted at Maula Ali Race Course and it was known as the Hyderabad (Deccan) Races.

As per reports, the racing was rated on par with any other center in India. The sport was conducted and contested mostly by local owners and resident Englishmen. It was run systematically and stiff competition prevailed amongst them.

In 1886, the scene shifted from Maula Ali to Malakpet. This change took place because the then ruler H. H. Nawab Mir Mahboob Ali Khan, Nizam VI wanted the race course to be near the palace. In fact the race course was constructed in the palace premises.

Under the patronage of His Highness, racing flourished at Malakpet from 1886 to 1896. At that point of time, the Racing was conducted under the auspices and rules of the Royal Calcutta Turf Club. Later a regular race course was constructed on the land belonging to the cantonment at Secunderabad. After the formation of the South India Turf Club in 1956, the later Nizam was encouraged by the healthy state of affairs of the sport in the city. He as a good gesture sold to the Hyderabad Race Club, 126 acres of land at nominal price. This land is in the city. Here the current race course exists. It took the HRC five years to realise their dreams and racing started at the present Malakpet Course in 1968.

In 1977, a monumental step was taken and the HRC became an independent Turf Authority, the fifth in India.

The Hyderabad Race Club is largely instrumental in helping to mould the Invitation Cup into the Premier Classic of Indian Racing.

Turf Authorities of India

In the late 'seventies', the above five independent clubs of Bombay, Calcutta, Madras, Bangalore and Hyderabad came together and formed a loose federation know as the 'Turf Authorities of India'. This organization works as a Joint Consultative Forum while retaining the independence of jurisdiction of its constituents.

In 1963, the Turf Authorities of India decided to introduce a race for the champions at the three headquarters of Turf Authorities viz. Bombay, Calcutta and Madras. It was called the Indian Turf Invitation Cup having the same distance and terms of the Indian Derby. Bombay was honored with the inaugural race, and then races were staged at Calcutta and Madras and rotated annually amongst the three centers. With the emergence of Bangalore as the fourth Turf Authority the center was included in the Invitation Cup's itinerary and when Hyderabad reached the status of a Turf Authority the race became a once in five years affair at every center. It seems special badges were issued to officials and members during this event.

Membership Badges

The Race/Turf Clubs had different categories of members. All the above-mentioned five clubs of Bombay, Calcutta, Madras, Bangalore and Hyderabad along with Delhi and Mysore Race Clubs had all or some of the following categories for their Clubs.

Life Member or Gentleman	1
Spouse Member or Lady	2
Stand Member	3
Club Member	4

The above mentioned categories of members were given badges and they were supposed to wear them while entering and moving in the premises of the Club. Usually the badges were given every year or for a particular period. The year or period of validity was mentioned on the badge. Thus every time a new badge with a new design, a new symbol and different colours were issued. Hence collecting membership badges of Race/Turf Clubs of India gives a new dimension of a specialized theme for collectors as a hobby.

These badges were mostly made of polished brass with various shapes, sizes and designs. They were also enameled with different attractive colours. Invariably the design of these badges, depicted subjects related to racing. Thus we find Horse-Head, Galloping Horse, Horse-Shoe, Jockey Cap, Stirrups, Whip, Starting Gates, Photo-Finish Camera etc

on many of the badges of Royal Western India Turf Club, Bombay in particular and many other Clubs in general.

I was fortunate enough to witness the process of making these badges at Dinesh & Co., Bombay. Mr. Dinesh Kothari, CMD of the company was kind enough to show and explain me the process of making these badges. I saw that it required great sense of artistic vision, colour balancing and exquisite workmanship to make the badges. Each badge was made as if it is an ornament.

Each new batch of badges manufactured are different in shape and colour combination. A selection is then made by the authorities of the club to finalise the badges for the relevant year. The badges for different categories are then supplied to the Club in a specially designed packaging to give to the respective members. A set of packaging and badges are illustrated below :

Packing Boxes of Membership Badges of different clubs

A set of Specimen Designed Badges

Badges of Royal Western India Turf Club, Bombay

Royal Western India Turf Club has about 7000 members in four categories as stated earlier. Some of the milestones of Royal Western India Turf Club are mentioned below.

- Uptil 1935 the Turf Club of Bombay was known as The Western India Turf Club.
- In 1936 the Club's name was changed to Royal Western India Turf Club.
- From 1925 to 1935-36 Logo of WITC, without the Royal Crown, is shown on the badges.
- Logo showing RWITC letters was shown only in 1936-37, 1937-38, 1946-47 and 1947-48.
- In all other years, except stated otherwise, though the name was changed to Royal Western India Turf Club Ltd. the logo had the letters WITC.
- From 1925 to 1954 and in 1969-71 and 1971-73 all badges had colourful strings with ends locked with a compressed clip. From 1955 to date except 1969-71 and 1971-73 all badges had a small chain of gilt beads.
- The following companies have made membership badges in different years. Their names are written at the back of the badges. (1) W.O. Lewis (Badges) Ltd., Birmingham (2) Jewelers Ltd., Bombay (3) Barton (4) S.N. Pursram Jewelers, Bombay (5) H.M. Mint, Bombay (6) M.N. Kothari & Sons, Bombay-2 (7) Dinesh & Co., Bombay-2 (8) Dinesh Bros., Bombay-2.
- Each badge has a different number written either on the front or on the reverse of the badge. Each unique number differentiates one member from the other. Many a times a particular block of numbers was meant for a particular category of members. Hence by seeing the number in a particular year it could be identified whether the badge belonged to a Club Member or a Life Member. However in certain years the category of member as Stand Member or otherwise was written on the badge itself.
- The badges were not transferable. The words Not Transferable were also written on the back of the badge.
- Only in year 1945-46, the badges were not enameled and were made by H. M. Mint Bombay.
- In the year 1948-49 to 1951-52 no Logo is shown on the badges.
- In the year 1950-51 (though the name was changed to Royal Western India Turf Club Ltd.) Western India Turf Club Ltd. was still written on the badge. There is no Royal Crown or Logo on it. S.N. Pursram Jewelers, Bombay, made these badges.
- In the year 1951-52 Royal Crown or Logo are not shown on the badges. But Royal Western India Turf Club is written on the badges.
- In the year 1952 to 1956 name Royal Western India Turf Club was written along with the Royal Crown on the badges. However the Logo used was of WITC.
- Till 1956 the badges were issued yearly.
- In the years 1957-59, the badge was for two years without Royal crown and without Logo on the badge.
- In the years 1959-61, the badge was issued for two years with Royal Crown but without Logo on the badge.
- In 1961, they were issued for three years that is 1961-64 with Royal Crown but again without Logo.

- In 1964, they were issued for one year with Royal Crown and Logo 'WITC'. However Royal Western India Turf Club Ltd. was written on the badge.
- In 1965, they were again issued for two years and it continued till 1975.
- In 1965-67 the Royal Crown was shown and Royal Western India Turf Club was written on the badge. In this year the starting gates of a race are shown as part of the design in the center.
- In 1967-69, 1969-71, 1971-73 and 1973-75 the badges were issued for two years.
- In 1975-78 and 1978-81 they were issued for three years.
- In 1981-86 they were issued for five years and their validity was extended till 1989.
- In 1989-94 again the badges were issued for five years. However validity of these badges was extended till 2000.
- In 2000 they were issued with the issue year only. And they are still valid.
- In 2001 the Army Officials of Poona were given badges for attending the races in Poona. We know that Poona has a large Army Cantonment. And that Army officials were becoming members of the Club. The words ARMY and LOCAL MEMBER were written on the badge.

Badges of Royal Calcutta Turf Club, Calcutta

Badges of Royal Calcutta Turf Club have only two main categories-(1) Gents or Gentleman or Member or M (2) L or Lady. These words are written either in the front or on the back of the badge.

The following companies have made the badges for this club. (1) A. J. Chalkb & Co. 106, Mount St. London W (2) Bestco-Calcutta-6 (3) Cooke & Kelvey Ltd. Calcutta (4) J. Boseck & Co. Pvt. Ltd. Calcutta. From the beginning till 1986, these names of the manufacturing companies are found on the back of the badges. From 1987 no names of the manufacturing companies are found on the back. However from just one plastic packaging and a badge it has come to my notice that M/S Kali Pada Das, 21/A, Sambhu Nath Pandit St., Bhowanipur, Calcutta 700 025 was another company which manufactured the badges for this club.

From 1991 onwards the badges were attached separately by a loop with a decorative symbol comprising the Royal Crown & the CTC Logo.

Madras Race Club, Madras

Many of the Madras Race Club badges have Lady, Stand Member, Gentleman or Gent. Club Member etc. written either in the front or on the back of the badges.

In some of the badges, names of the members are written on the reverse of the badge.

For some years, races were governed by the Rules of Racing under the Department of Racing, Government of Tamil Nadu, through the Management Body constituted under the orders of the Court. Hence some of the badges have the DR (Department of Racing) logo.

The following companies are known to have manufactured badges for this club. (1) Thomas Fattorun, Hockey St., Birmingham (2) P. Orr & Sons Ltd. (3) V. Ummidiar, Madras (4) Dinesh Bros., Bombay (5) Dinesh & Co., Bombay-2

Sometimes the Lady badges of this club were of Pin or Brooch type.

Bangalore Turf Club

Many of the Bangalore Turf Club badges have Lady, Stand Member, Gent Stand Member, Club Member etc. written either on the obverse or on the reverse of the badges.

Some of the early badges have the BRC (Bangalore Race Club) logo, while badges of subsequent years have the BTC (Bangalore Turf Club) logo.

There are no names of the manufacturing companies written on the back of the badges except that of Dinesh & Co. Bombay-2.

Hyderabad Race Club

Some of the Hyderabad Race Club badges have Lady (Member), Stand (Member), Club (Member) etc. written on the obverse of the badges.

There are no names of the manufacturing companies written on the back of the badges except that of Dinesh & Co., Bombay.

Some badges made for Stewards and Officials are also presented in the book. The designations are clearly mentioned on the obverse.

Delhi Race Club

I could get only one badge of (19)88-(19)93 of Delhi Race Club which is established in 1940. This has been manufactured by Dinesh & Co., Bombay.

Mysore Race Club

Some of the Mysore Race Club badges are also presented here. These badges have a double-headed bird (Eagle) as a symbol. This is the Royal symbol of the Princely State of Mysore. A badge made for Stewards is also presented in the book. The designation is clearly mentioned on the obverse.

There are no names of the manufacturing companies written on the back of the badges except that of Dinesh & Co., Bombay.

Badges of Turf Authorities of India

It seems there are two types of badges, of Turf Authorities of India. One is for the Invitation Cup and other is for the Officials. And in these there are big and small or gold-gilt and silver-gilt badges, probably meant for Gents and Spouses.

There are no names of the manufacturing companies written on the back of the badges except that of Dinesh & Co., Bombay

Miscellaneous Badges

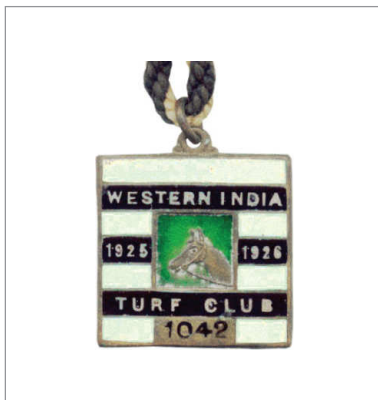

In my pursuit of collecting badges of Turf/Race Clubs, I came across two badges—one badge of Rangoon Turf Club and one badge of Meerut Race Club. I also got one leather badge of Madras Race Club for 'Box', one badge of Centenary year of Mysore Club and one badge of Permanent Invitee of Turf Authorities of India. As it was difficult to put these badges in a particular slot, they are catalogued in the miscellaneous category.

With this introduction of the subject the readers and collectors are requested to peruse this guide. There are many gaps and missing badges. They can be procured by the collectors in due course. My humble effort here is to put this interesting subject in its right perspective and to give a proper dimension to this hobby. Any suggestions from the readers are welcome.

With deep sense of gratitude, I acknowledge the help, support and information that I got from the literature, souvenirs and websites of different Turf/Race Clubs of India.

Royal Western India Turf Club, Bombay

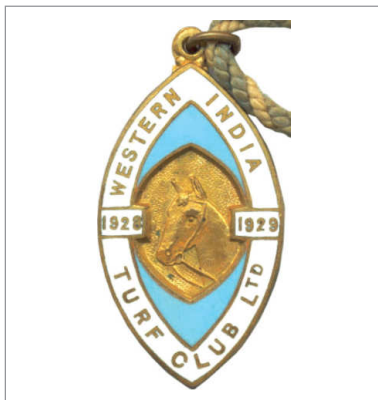

BM-25-2	Year	: 1925-26
	Status	: Spouse Member
